## Project Description

Semera Beachfront Residences, are located in the well-known resort of Ayia Napa along the beachfront coastline of the landmark sculpture park. You will be waking up to the rhythmic sounds and the sweet fragrance of the Mediterranean waves. This will be your reality in these beautiful Residences. A combination of natural materials, pale colours and rough stone texture will enhance the wild natural environment by coinciding with contemporary yet luxury character to blend naturally with the existing beauty. Each of our exclusive 3 level villas have been cleverly designed to give unobstructed sea-views of the Mediterranean East coast combined with views of the spacious landscaped gardens and natural surrounding areas. Semera Residences consists of open plan living space and dining room along with a semi open plan kitchen area, outdoor relaxation area and dining space next to the infinity swimming pool. Full height glazing windows gives the benefits of a fabulous bright and vibrant atmosphere meeting and exceeding the highest of standards. The design of the five bedroom villas reinforces the idea behind the concept less is more, yet the richness of the space due to the materials and its composition create an authentic complexity.
